## Welcome to AIT

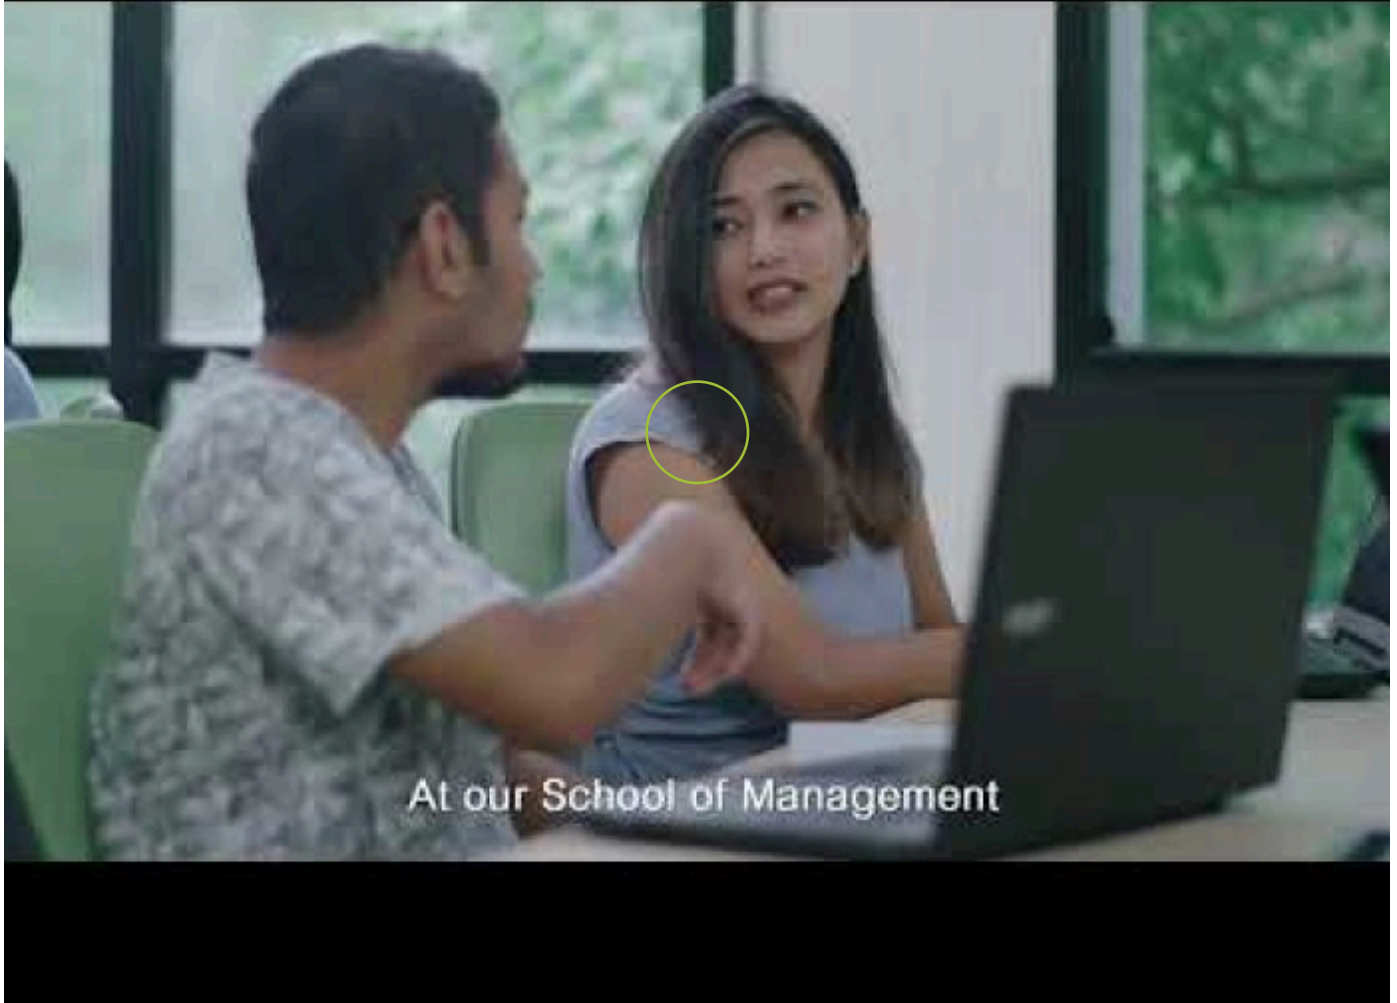

The Asian Institute of Technology (AIT) is an international English-speaking postgraduate institution, focusing on engineering, environment, and management studies. AIT's rigorous academic, research, and experiential outreach programs prepare graduates for professional success and leadership roles in Asia and beyond.

Founded in 1959, AIT offers the opportunity to study at an institution in Asia which possesses a global reputation. Going forward, AIT will be stressing its global connections, injection of innovation into research and teaching, its relevance to industry, and its nurturing of entrepreneurship, while continuing to fulfill its social impact and capacity building role. Sitting on a beautiful green campus located just north of Bangkok, Thailand, AIT operates as a multicultural community where a cosmopolitan approach to living and learning is the rule. You will meet and study with people from all around the world.

Today, AIT's internationally recognized engineering, environment, and management graduates are highly sought after by employers in their home country and elsewhere. Across many walks of life in Asia, AIT alumni have distinguished themselves as CEO's of private and state enterprises, as business owners, as well-respected researchers and faculty, and as senior university and government officials.

## Awards and Recognition

1987 Science and Technology for Development Award

1989 Ramon Magsaysay Award for International Understanding

1994 Development Management Award

1996 DAAM International Vienna Awards

2006 Friendship Order

2016 Gold medal in Thai Research Fund Ratings

## Vision and Mission

### Vision

Transforming AIT to be a respectable international graduate institution whose research and education contribute to the development of Asia, by making AIT more global, more innovative, more entrepreneurial, and more economically relevant—while leveraging on its social impact core strengths.

### Mission

The mission of AIT in the context of the emerging environment is “to develop highly qualified and committed professionals who will play a leading role in the sustainable development of the region and its integration into the global economy”.

We use cookies on our website to give you the most relevant experience by remembering your preferences and repeat visits. By clicking “Accept All”, you consent to the use of ALL the cookies. However, you may visit “Cookie Settings” to provide a controlled consent.

Guided by the above clear, timeless vision and mission, the dedicated students, faculty and staff of AIT are set to steer the Institute along its path of becoming:

A trailblazer in advanced education in the region, with leadership in IT and new types of multidisciplinary programs  
(<https://ait.ac.th/>)  
An exemplary institution, with an emphasis on academic quality in terms of courses and other aspects of operation

A leader in professional development programs

A hub for the implementation of regional and transnational research projects, and a research facility for academic professionals. A nexus for networking with other academic and research institutions in the region and the world

A model international citizen

A collaborator and partner of national postgraduate institutions

A financially viable, self-sustaining institution, able to draw support from donors the private sector and individuals, with good governance and strong leadership

A strong partner to its alumni, who are principal stakeholders through the AIT Alumni Association (AITAA)

## Milestones

1957 1958 1959 1961 1967 1968 1973 1979 1984 1993 1999 2009

### 1957

The Southeast Asia Treaty Organization (SEATO), initiate establishment of a regional graduate school of engineering, with principal support to be provided by SEATO member countries (Australia, France, New Zealand, the U.K., and the U.S.), with additional support from other regional member countries (Pakistan, the Philippines and Thailand).

### 1958

The SEATO Graduate School of Engineering meeting in Manila
